

SKYTRAK™

REAL GAME • REAL RESULTS

The Practice Studio

A great option for those wanting to utilize the SkyTrak's analysis using an iPad, Laptop or Computer with or without an additional monitor

The A-Sim Golf Simulator Studio

Get into full simulation on a budget while maintaining great picture quality, size, safety and durability! Easy setup and take down also makes this studio ideal for seasonal or temporary use.

The B-Sim Golf Simulator Studio (BP-10)

Get a premium setup without the premium price! Our B-Sim series studios give you a more finished look and offer added safety and image-enhancing features. And with the projector on the floor, there is no overhead wiring required!
